GENERAL PROJECT INFORMATION**

Description of Project

STATEMENT OF PROBLEM/NEED: The Town of Merrimack is located in the southeastern region of New Hampshire and is bordered by the communities of Nashua, Bedford, Manchester, Amherst, and Hollis. The main routes that traverse through town include Daniel Webster Highway, F.E. Everett Turnpike, Route 101A, Industrial Drive (off exit 10) and Continental Boulevard (off exit 11). Residents from the Towns of Bedford and Amherst use Turkey Hill Road (off exit 11), Baboosic Lake Road, Bedford Road (off exit 12), Wire Road and Amherst Road (off exit 11) to access the F.E. Everett Turnpike. The aforementioned roads are two-lane, undivided and mostly residential areas which increases concern for pedestrians, bicyclists, and resident motorists. The population of Merrimack is approximately 30,000 people. It is located 10 miles north of the Massachusetts state line.

Merrimack has several large companies or corporations within its borders: (i.e. Fidelity (4,000-5,000 employees), Anheuser-Busch, BAE, GT Solar, Elbit Systems, and numerous smaller companies). This spring will see the start of construction of a 143 store outlet mall on Industrial Drive just off Exit 10 of the turnpike.

Speeding continues to be a problem on the Daniel Webster Highway, F.E. Everett Turnpike, Route 101A, Continental Boulevard, Industrial Drive, Turkey Hill Road, Amherst Road, and Bedford Road. Speeding motorists are typically commuting to or from jobs or establishments (to shop, eat, etc.) located in Nashua, Manchester, and points south in Massachusetts. Many motorists are also speeding to work at Fidelity, Anheuser-Busch, BAE, GT Solar, or Elbit Systems.

Calls for service have risen steadily, as well as becoming more serious in nature. Officers cannot spend as much time on traffic enforcement due to these factors.

Year	Speed Warnings	Speed Summonses	Calls For Service
2011	4399	317	33,267
2012	3946	288	31,783
2013	4035	233	37,517

Although statistics fluctuate in speed warnings and speed summonses over the last three years, this can, in part, be attributed to the fact that the Merrimack Police Department has made a concerted effort to address the impaired driving problem through overtime patrols funded by the NH Highway Safety Agency. Additional funds are needed in order for the police department to continue its established enforcement efforts. Without this continued effort, additional dedicated enforcement will not be conducted and the infractions will surely increase.

The problem of speeding motorists occur daily but is most prevalent Monday-Friday between the hours of 6:00-10:00 AM and 3:00-7:00 PM and on Saturdays between the hours of 8:00 AM-12:00 noon as motorists commute to jobs and establishments to shop or eat out.

PROPOSED SOLUTION: In an effort to combat the problems being experienced with motor vehicle violations, the Merrimack Police Department will hire, on an off-duty basis, officers to work one-man overtime enforcement patrols (22-4 hour shifts) on those days and during those times (Monday-Friday, 6:00-10:00 AM and 3:00-7:00 PM; and Saturday, 8:00 AM-12:00 Noon) when the violations are felt to be most prevalent. Adherence to all traffic laws, including the state's occupant protection law, will be monitored and enforced. It is under-stood that these patrols will be conducted on an overtime basis and officers will be paid at their overtime (1.5) rate for work exceeding their normal 40 hours per week. Part-time officers will be paid at their normal hourly rate.

ANTICIPATED RESULTS: The goal is to focus attention on locating motor vehicle violators who are exceeding the posted speed limits.

Having the availability to concentrate on these patrols will increase the police department's visibility and that alone will help to educate drivers to be cautious and aware. It is anticipated that during each four-hour patrol conducted five (5) summonses and ten (10) warnings will be issued.

ADDITIONAL CONTRACT CONDITIONS: It is agreed that "Overtime Selective Traffic Enforcement Program Report" forms (HS-200) will be completed for each patrol and submitted to the NH Highway Safety Agency along with requests for reimbursement.

New Hampshire's Child Passenger Safety law is a primary law. A driver should be stopped for violating RSA 265:107-a which requires that all vehicle occupants under the age of 18 riding in a motor vehicle must be restrained and properly fastened in a safety belt and children under the age of 6 must be restrained and properly secured in an approved child passenger safety seat. It is agreed that whenever a stop is made during a patrol supported by this agreement, action will be taken to enforce the state's child passenger safety law.

The recipient of these funds is encouraged to provide programs to encourage the use of safety belts by all drivers and passengers in motor vehicles (23 U.S.C. 1200.11 (a)(d)) and to adopt and enforce seat belt use policies for employees operating company-owned, rented, or personally-owned vehicles when performing official business.

See attached Addenda for additional information that is hereby made a part of this contractual agreement.

Certification Regarding Federal Lobbying

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that: 1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement. 2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. 3. The undersigned shall require that the language of this certification be included in the award documents for all sub-award at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Restriction on State Lobbying

None of the funds under this program will be used for any activity specifically designed to urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

Certification Regarding Debarment and Suspension

In accordance with the provision of 49 CFR Part 29, the State agrees that it shall not knowingly enter into any agreement under its Highway Safety Plan with a person or entity that is barred, suspended, declared ineligible, or voluntarily excluded from participation in the Section 402 program, unless otherwise authorized by NHTSA. The State further agrees that it will include a clause in all lower tier covered transactions and in solicitations for lower tier covered transactions.

Instructions for Primary Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below. 2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.

3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default. 4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 5. The terms *covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded*, as used in this clause, have the meaning set out in the Definitions and coverage sections of 49 CFR Part 29. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations. 6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction. 7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions. 8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of Parties Excluded from Federal Procurement and Non-procurement Programs. 9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings. 10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters-Primary Covered Transactions

1. The prospective primary participant certifies to the best of its knowledge and belief, that its principals: a) are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency; b) have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of record, making false statements, or receiving stolen property; c) are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or Local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and d) have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default. 2. Where the prospective primary participant is unable to certify to any of the Statements in this certification, such prospective participant shall attach an explanation to this proposal.

Instructions for Lower Tier Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below. 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment. 3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 4. (See below) 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR Part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs. 8. Nothing contained in

the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings. 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR Part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

FEDERAL REGULATIONS

2 CFR Part 25 (formerly Circular A-87). This provides principles for determining the allowable costs of programs administered by State, local and federally-recognized Indian tribal governments under grants from and contracts with the Federal Government. The principles are for determining costs only and are not intended to identify the circumstances nor to dictate the extent of Federal and State or local participation in the financing of a particular project. They are designed to provide that federally-assisted programs bear their fair share of costs recognized under these principles except where restricted and prohibited by law.

FEDERAL FUNDING ACCOUNTABILITY & TRANSPARENCY ACT. *Data Universal Numbering System (DUNS) Numbers Requirement.* As the recipient of federal highway safety funds, the applicant agency must have a DUNS number. This is a unique nine-character number that identifies the applicant agency and is used by the federal government to track how federal funds are distributed. If the applicant agency is authorized to make sub-awards under this contract, it must: 1) notify potential sub-recipients that no entity may receive a sub-award unless that entity has provided the applicant agency with its DUNS number; and 2) the applicant agency may not make a sub-award to an entity unless the entity has provided its DUNS number to the applicant agency.
