

From the Merrimack Parks & Recreation Department:

"Ice Rink Update: Excited to use the Ice Rink on O'Gara Drive? We are too! But with a little more patience, some more below freezing temperature days and evenings, we are hopeful to get our ice rink ready VERY soon! As our friends at the Department of Public Works and dedicated Town Volunteers are checking the ice rink daily, there were still some soft spots in the rink yesterday, even with below freezing temperatures. Our priority is everyone's safety while using the rink; so unfortunately, it is still not ready today. DPW will be filling in another layer this afternoon (Tuesday) and we will update everyone, hopefully with some great news for the winter season!

An official press release will be posted on the Parks & Rec website at www.merrimackparksandrec.org/ogara.html, our Facebook Page, newsletter and the Merrimack Patch, once it becomes available.

If you have any questions about the O'Gara Ice Rink, please contact us at gacruz@merrimacknh.gov or call 882-1046.

Thank you!"
