The Town Clerks Office has been advised that the DMV will be upgrading their driver licensing software. This will impact our ability to conduct any motor vehicle transactions during this transition.

The NH Department of Safety, Division of Motor Vehicles has announced that a new computer system (VISION) will be implemented in the month of October. As a result, there will be an interruption of motor vehicle registration processing statewide.

Town/City Clerk's offices, along with the DMV offices, will be unable to process registrations or related transactions beginning Friday, October 6, 2017, and will be resuming transactions on Wednesday, October 11, 2017.

Throughout this process, the Merrimack Town Clerk's office will be open for other business not related to motor vehicle transactions during our normal, scheduled hours of operation.

If you have a new registration, a temporary plate or your registration renewal is due during the month of October, please make sure you are aware of the processing interruption. Please feel free to visit the DMV website at www.nh.gov/dmv for updates concerning this implementation.
