

EVERETT TURNPIKE NHDOT WIDENING SURVEY

(Tuesday, April 28, 2015) – According to the NHDOT the State has marked several areas with painted Xs on both sides of the Everett Turnpike. These Xs are for survey purposes only. The survey is being conducted in preparation of widening of the Turnpike (in sections that now have only 2 northbound and 2 southbound) to 3 lanes in both directions. Construction is expected to begin in about 8 years.
