Regulation/Ordinance Enforcement Service Request Form

The Community Development Department is responsible for investigating all complaints regarding potential violations of the Town of Merrimack Zoning Ordinance, Site Plan Regulations and Subdivision Regulations.

You should provide your contact information below in case Town staff needs to contact you for additional information regarding your complaint, but it is not required.

Once this completed form is received, staff will begin its investigation. You will not be provided with routine status updates. Please be advised, however, that it is not uncommon for service requests to take several months to be resolved, as the Town does not have dedicated code enforcement staff. Staff will address service requests when time is available and does not conflict with other departmental and statutory priorities/duties.
