

HERITAGE COMMISSION DRAFT MINUTES

NOVEMBER 19, 20018

ATTENDANCE: Anita Creager, Ralph Gerenz, Chip Pollard, Lon Woods, Finlay Rothhaus- full complement

OLD BUSINESS:

Membership: Still seeking new members. Ad on cable channel has been updated.

K of C Fair results: Sold one set of cards for \$15.

Simonds' Rock: Received copy of regulations from Tom Mahon. Looks like this will work.

Anita will contact the legal department at Pennichuck to discuss this situation further.

Lon suggested planting arborvitae trees rather than a fence. Will make that suggestion to the person doing the project, which will probably be another year or ore.

Hazen site: We still plan to visit the site via the Souhegan River access to photograph the Fuller Mill sometime in the spring.

Old Home Plaques: Split up the plaques for delivery and installation in NEAR future:

Anita: One on Turkey Hill Rd. has been installed.

Ralph: Two on Fuller Mill Rd.

Two on Joppa Rd.

Chip: Four on Loop Rd.

Lon: One on DW Highway

Will wait for spring for:

One on Jennifer Rd.

One on Hadley Rd.

One of Griffin St.

Two on Harris St.

Sklar property: Signs have been erected to eliminate vehicular traffic on town property along river near Thornton's Ferry.

Old King's Highway status: Will continue walk along the original road in spring.

Wright Home status: No response to request for town engineer to evaluate the condition.

Finlay will ask town to step in to request, since we are concerned about the stability of the home.

Michael property status: Finlay and Lon both talked with Greg Michael, who says he has no authority over the property and therefore could not consider a donation. Cost to buy and cost to renovate make it a doubtful situation.

NEW BUSINESS:

Wade property on Gauthier Road: Listed as seasonal property, but has had many improvements made.

Next Meeting: Jan. 14
