MEMO

TO: Eileen Cabanel, Town Manager

FROM: Matt Casparius, Director of Parks & Recreation

DATE: February 22, 2018

SUBJECT: Girl Scout Project Proposal

Hi Eileen,

On Wednesday, February 21, 2018; Girl Scout Troop 14002 made a presentation to the Parks & Recreation Committee on a project that they would like to complete for their Bronze Award with the Town of Merrimack.

For their project, they are looking to build an equipment storage shed for the Dog Park at Wasserman Park so that the Dog Park Committee can store rakes, shovels and other items that are routinely used at the Dog Park.

The Troop came up with three suggestions for the size and style of the storage shed. The Parks & Recreation Committee liked all three options, but liked option three the best because it would get the girl scouts involved in some of the building of the shed vs. just purchasing a storage shed and donating it. With that said it is the most expensive option and so the Committee's recommendation was that any of the options are acceptable in case the Troop is unable to raise the funds for the cost of the wooden shed. The Committee also felt that behind the current Dog Park sponsorship sign would be an ideal location.

The Girl Scouts participating in the project and their roles are:

- Alexandra Fredette - shed designer
- Amelia Gregory - materials
- Avelynn Curley - money manager
- Maelin Lambert - project coordinator
- Olivia Springer - public relations
- Vivia Couser - advertising
- Samantha Franqui - volunteer coordinator
- Shelby Pennington – fundraising

One of the Troops fundraising ideas for this project was to make homemade dog treats and they were also hoping to obtain permission to sell them at the Dog Park. The Parks & Recreation Committee and I feel that his project would be a valuable addition and are recommending it to the Town Council for approval.

PROJECT

Dog park has nowhere to store tools.

Troop 14002 wants to build a shed.

Three options: two prebuilt and one built by a local builder.

TIMELINE

Shed installation weekend of May 4th.

Fundraising March and April.

Spread the word May and June.

FUNDING

Applied for a grant.

Sell homemade dog biscuits.

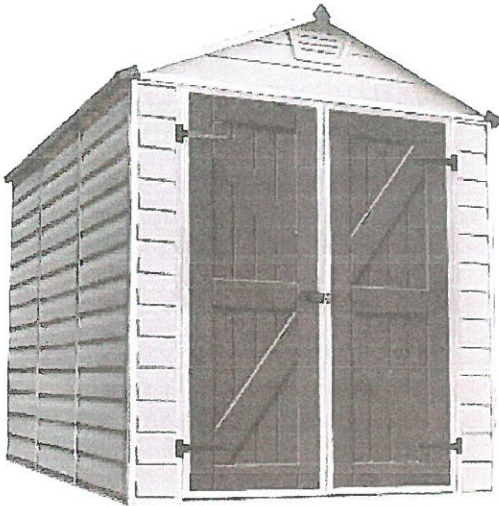

Troop donation of \$60.

Material discounts and free help from builder.

Concrete blocks underneath

The SkyLight 6x8 Shed is perfect for storing organizing and protecting your outdoor life. Made with Palram's virtually unbreakable polycarbonate and reinforced aluminum frame, the SkyLight Shed will provide years of maintenance-free protection. At first you may wonder about the flexibility and thickness of the polycarbonate panels, but rest assured that once assembled, the shed will be rigid and durable. The unique SkyLight polycarbonate roof panels transmit natural sunlight throughout the day while having an opaque external visibility for maximum privacy. Front and back vents are included for ample airflow. Palram SkyLight sheds do not fracture, bend or discolor, withstanding harsh weather conditions such as hail and high temperatures. Designed with your outdoor space in mind, the SkyLight Shed will complement your home and enhance your outdoor living space.

- Assembled dimensions: 90.7 in. L x 73 in. W x 85.4 in. H
- Storage capacity 254.5 cu. ft.
- Virtually unbreakable, high impact, 100% UV protected polycarbonate panels
- Easy-to-assemble and maintenance free aluminum frame
- Exclusive skylight roof - transmits natural sunlight yet maintains opaque semblance
- Low-threshold ramp provides easy access
- Lockable door latches for extra privacy and safety (lock not included)
- Anti-slip floor included with ground anchoring option, to keep valuables dry and protected
- Front and back air vents provide ventilation
- Wide double doors
- 100% recyclable
- Anchor the shed on to a solid surface, use suitable screws and plugs (screws and plugs are not supplied)
- Add Palram's designated skylight shelf for better organization and storage (sold separately)
