

# TOWN COUNCIL – AGENDA REQUEST FORM

THIS FORM WILL BECOME PART OF THE BACKGROUND INFORMATION USED BY THE COUNCIL AND PUBLIC

Please submit Agenda Request Form, **including back up information**, 8 days prior to the requested meeting date. **Public Hearing requests must be submitted 20 days prior to requested meeting date to meet publication deadlines** (exceptions may be authorized by the Town Manager, Chairman/Vice Chair).

## MEETING INFORMATION

Date Submitted: August 19, 2021  
Submitted by: Life Scout Maverick Landry  
Department:  
Speakers: Maverick Landry

Date of Meeting: September 9, 2021  
Time Required: 20 minutes  
Background Info. Yes:  No:   
Supplied:

## CATEGORY OF BUSINESS (PLEASE PLACE AN "X" IN THE APPROPRIATE BOX)

Appointment:	<input type="checkbox"/>	Recognition/Resignation/Retirement:	<input type="checkbox"/>

# Eagle Scout Service Project Workbook

BOY SCOUTS OF AMERICA®

Eagle Scout candidate's name Maverick Landry

## Message From the Chief Scout Executive

---

Congratulations on attaining the rank of Life Scout. Each year, approximately 57,000 Scouts just like you reach this milestone. And, since you're reading this, I know you are looking forward to achieving the pinnacle of your Scouting experience: the rank of Eagle Scout.

Think of your Eagle Scout service project as the ultimate "application phase" of what you have learned thus far in Scouting: leadership. . . responsibility. . . managing projects. . . applying your Scout Oath—"to help other people." An Eagle Scout project is a crowning achievement following years of fun, adventure, and advancement. In completing it, you provide an example for others that they can do the same thing.

Some may suggest how big your project should be, or how many hours should be spent on it, but that is entirely up to you. Service, impact, and leadership are the objectives and measurements. Use these as your criteria to consider, select, develop, and evaluate your project. For most, the Eagle Scout service project becomes a truly defining moment in your quest for excellence. Planning and leadership skills utilized and memories of outcomes achieved will last you a lifetime. You will want to share those stories with others, so make it a worthy project!

Legendary hall-of-fame basketball coach John Wooden said, "It's not so important who starts the game but who finishes it." Let me be among the first to encourage you to take Mr. Wooden's remark to heart. You have made it to Life Scout, but Eagle represents the finish line. Keep striving. I know you will cross it, and you will be glad you did!

Robert J. Mazzuca  
Chief Scout Executive

### **Scouts and Parents or Guardians**

Be sure to read "Message to Scouts and Parents or Guardians" on page 21 and "Excerpts and Summaries From the *Guide to Advancement*" on page 22. Those pages contain important information that will help you ensure requirements are properly administered according to National Council policies and procedures.

### **Completing This Workbook**

If you are working from a printed copy of the *Eagle Scout Service Project Workbook*, you may complete it legibly in ink, or with a typewriter. Feel free to add as many pages as you wish. This may be necessary if more space is needed, or as you include photographs, photocopies, maps, or other helpful printed materials.

A fillable version of the new workbook is available at [www.scouting.org](http://www.scouting.org) (click on "Youth," then "Boy Scout," then "Advancement, Awards, Recognition"). If you experience difficulties with the fillable PDF, you may need to download a more recent version of Adobe Acrobat reader (available free online). Or, it might be necessary to use a printed copy.

At the time of this printing, the national Advancement Team was actively coordinating the production of a new electronic version of the workbook. If testing proves successful, we will replace the fillable PDF version with it. Regardless, the workbook will continue to be available for printing a hard copy that can be completed by hand or with a typewriter.

### ***Only the Official Workbook May Be Used***

Eagle Scout candidates must use the official *Eagle Scout Service Project Workbook*, No. 512-927, as produced by the Boy Scouts of America. The official fillable PDF version can be found at [www.scouting.org](http://www.scouting.org). Although it is acceptable to copy and distribute the workbook, it must maintain the same appearance with nothing changed, added, or deleted.

**No council, district, unit, or individual has the authority to produce or require additional forms, or to add or change requirements, or to make any additions, deletions, or changes in the text, outlines, links, graphics, or other layout or informational elements of the workbook. It is permissible, however, to print, copy, or send individual pages or forms within the workbook as long as they are not changed in the process.**

### ***Attention: Unit, District, and Council Reviewers***

Eagle Scout projects must be evaluated primarily on impact: the extent of benefit to the religious institution, school, or community, and on the leadership provided by the candidate. There must also be evidence of planning and development. This is not only part of the requirement but relates to practicing the Scout motto, "Be Prepared."

**However**, in determining if a project meets Eagle Scout requirement 5, reviewers must not require more planning and development than necessary to execute the project. These elements must not overshadow the project itself, as long as the effort was well led and resulted in otherwise worthy results acceptable to the beneficiary.

# Meeting Eagle Scout Requirement 5

---

## Eagle Scout Requirement 5

*While a Life Scout, plan, develop, and give leadership to others in a service project helpful to any religious institution, any school, or your community. (The project must benefit an organization other than Boy Scouting.) A project proposal must be approved by the organization benefiting from the effort, your unit leader and unit committee, and the council or district before you start. You must use the Eagle Scout Service Project Workbook, No. 512-927, in meeting this requirement.*

## Project Purpose

In addition to providing service and fulfilling the part of the Scout Oath, “to help other people at all times,” one of the primary purposes of the Eagle Scout service project is to demonstrate or hone, or to learn and develop, leadership skills. Related to this are important lessons in project management and taking responsibility for a significant accomplishment.

## Choosing a Project

Your project must be for any religious institution, any school, or your community. It is important to note, however, that the Boy Scouts of America has recently redefined “your community” to include the “community of the world.” Normally, “your community” would not refer to individuals, although a council or district advancement committee may consider scenarios in which an individual in need can affect a community. It is then a matter of identifying a source representing the “community” who will provide approvals. For more information, see the *Guide to Advancement*, No. 33088, section 9.0.2.5.

Your project must present an opportunity for planning, development, and leadership. For example, if a blood drive is chosen and the blood bank provides a set of “canned” instructions to be implemented with no further planning, the planning effort would not meet the test. You may need to meet with blood bank officials and work out an approach that requires planning, development, and leadership. This might involve developing and carrying out a marketing and logistics plan, or coordinating multiple events.

An Internet search can reveal hundreds of service project ideas. Your project doesn't have to be original, but it could be. It might be a construction, conservation, or remodeling project, or it could be the presentation of an event with a worthwhile purpose. Conversations with your unit leader, teachers, your religious leader, or the leaders of various community organizations can also uncover ideas. In any case, be sure the project presents a challenge that requires leadership, but also something that you can do with unskilled helpers, and within a reasonable period of time.

## Restrictions

- There are no required minimum hours for a project. No one may tell you how many hours must be spent on it.
- Routine labor is not normally appropriate for a project. This might be defined as a job or service you may provide as part of your daily life, or a routine maintenance job normally done by the beneficiary (for example, pulling weeds on the football field at your school.)
- While projects may not be of a commercial nature or for a business, this is not meant to disallow work for community institutions, such as museums and service agencies (like homes for the elderly, for example), that would otherwise be acceptable. Some aspect of a business operation provided as a community service may also be considered—for example, a park open to the public that happens to be owned by a business.
- A project may not be a fundraiser. In other words, it may not be an effort that primarily collects money, even for a worthy charity. Fundraising is permitted only for securing materials and facilitating a project, and it may need to be approved by your council. See “Eagle Scout Service Project Fundraising Application” on page 17.
- No more than one Eagle Scout candidate may receive credit for working on the same Eagle Scout service project.
- Projects may not be performed for the Boy Scouts of America, or its councils, districts, units, or properties.

# How to Use This Workbook

---

This workbook includes valuable information that can help ensure your success. It also includes four forms: a proposal, a final plan, a fundraising application, and a project report.

Before completing any of the forms, read with your parent or guardian the “Message to Scouts and Parents or Guardians” found on page 21. If your project is worthy and meets Eagle Scout requirement 5 as it is written, the message will help you successfully present your proposal through the approval process.

## Preparing the Project Proposal (Pages 7–10)

Your proposal must be completed first. It is an overview, but also the beginnings of planning. It shows your unit leader, unit committee, and council or district that the following tests can be met. For your proposal to be approved, it must show the following:

1. ***It provides sufficient opportunity to meet the Eagle Scout service project requirement.*** You must show that planning, development, and leadership will take place; and how the three factors will benefit a religious institution, a school, or your community.
2. ***It appears to be feasible.*** You must show the project is realistic for you to complete.
3. ***Safety issues will be addressed.*** You must show you have an understanding of what must be done to guard against injury, and what will be done if someone does get hurt.
4. ***Action steps for further detailed planning are included.*** You must make a list of the key steps you will take to make sure your plan has enough details to be carried out successfully.
5. ***You are on the right track with a reasonable chance for a positive experience.***

Your proposal need only be detailed enough to show a reviewer that you can meet the tests above. If you find in order to do that, the proposal must be lengthy and complicated, your project might be more complex than necessary.

If your project does not require materials or supplies, etc., simply mark those spaces “not applicable.” Remember, do not begin any work or raise any money or obtain any materials until your project proposal has been approved. If you submit your proposal too close to your 18th birthday, it may not be approved in time to finish planning and executing the project.

## The Final Plan (Pages 11–16)

Complete the Eagle Scout Service Project Final Plan after your proposal has been approved. This is a tool for your use—*no one approves it*—and it can be important in showing your Eagle Scout board of review that you have planned and developed your project as required. For this reason you are ***strongly encouraged*** to share the final plan with a project coach. This might be the council or district person who approved your proposal, or perhaps someone who has agreed to work with you. A coach can help you avoid many problems associated with service projects, and thus improve your chance of passing the Eagle board of review. If materials, etc., were not needed, mark those spaces “not applicable.”

## The Fundraising Application (Pages 17–18)

If your fundraising effort involves contributions ***only*** from the beneficiary or you, your parents or relatives, your unit or its chartered organization, or parents or members in your unit, submitting the fundraising application is not necessary. If you will be obtaining money or materials from any other sources, you must submit a completed application to the local council service center. For more information, see “Procedures and Limitations on Eagle Scout Service Project Fundraising” on page 18.

## The Project Report (Pages 19–20)

Complete this portion after the project has been finished. Note the space for you to sign (confirming that you led and completed the project), and also the signature lines for the beneficiary and your unit leader’s approval that your project met Eagle Scout requirement 5. As with the proposal and final plan, if materials, etc., were not required, mark those spaces “not applicable.”

# Eagle Scout Service Project Proposal

BOY SCOUTS OF AMERICA®

Eagle Scout candidate's name Maverick Landry

## **Eagle Scout Requirement 5**

While a Life Scout, plan, develop, and give leadership to others in a service project helpful to any religious institution, any school, or your community. (The project must benefit an organization other than Boy Scouting.) A project proposal must be approved by the organization benefiting from the effort, your unit leader and unit committee, and the council or district before you start. You must use the *Eagle Scout Service Project Workbook*, No. 512-927, in meeting this requirement.

# Eagle Scout Service Project Proposal

## Project Description and Benefit

**Eagle Scout candidate:** Maverick Jonas Landry

Briefly describe the project. Attach sketches or "before" photographs if these will help others visualize it.

I will be creating flag disposal receptacles for the Veterans of Foreign Wars. I will be decorating them to be more patriotic and recognizable. Two boxes will be placed at the Merrimack Transfer station, one at the VFW post in Merrimack, and one at the American Legion in Merrimack, to a total of four. I will also aid the VFW in a flag retirement ceremony.

Tell how your project will be helpful to the beneficiary. Why is it needed?

It will provide a more respectful and visible place to dispose of American Flags. There are trash cans currently.

When do you plan to begin work on the project? I will begin in September 2021

How long do you think it will take to complete? It will likely take 2 days to build, paint and install

## Giving Leadership

Approximately how many people will be needed to help on your project? 15-20 people will be needed

Where will you recruit them (unit members, friends, neighbors, family, others)? Explain:

I will recruit helpers from my troop, my friends, the VFW, and my family. There are many people backing this project and many have kindly offered to help with anything I need.

What do you think will be most difficult about leading them?

It may be difficult to work efficiently due to the pandemic issues. We may have to move work outside and spread out which can make it difficult to maintain communication.

## Materials

*(Materials are things that become part of the finished project, such as lumber, nails, and paint.)*

What types of materials, if any, will you need? You do not yet need a detailed list of exact quantities, but you must show you have a reasonable idea of what is required.

I will be using wood, paint(Red, White, and Blue), screws, patio brick, and hinges.

## Supplies

*(Supplies are things you use up, such as masking tape, tarps, and garbage bags.)*

What kinds of supplies, if any, will you need? You do not yet need a detailed list or exact quantities, but you must show you have a reasonable idea of what is required.

I will be using masking tape, Tarps, garbage bags, and disposable gloves.

# Eagle Scout Service Project Proposal

## Tools

What kinds of tools, if any, will you need?

I will need drills, paintbrushes, a truck (transport the finished products), Saws (Power tool)

## Permits and Permissions

*(Note that property owners normally secure permits.)*

Will you need to secure permissions or permits (for example, building permits)? Who will obtain them?  
How much will they cost? How long will it take to secure them?

I need to gain approval from the VFW, the Merrimack transfer station, and the American Legion. I will be using emails to seek approval. It should not cost anything to get approved and should take less than a few months.

## Preliminary Cost Estimate

*(You do not need exact costs. Reviewers will just want to see if you can reasonably expect to raise enough money to cover an initial estimate of expenses.)*

*(Enter your estimated expenses)*      **Fundraising** Explain where you will get the money for total costs indicated below, left.

Items	Cost	
Materials	\$500	I will be hosting a car wash and accepting donations of materials or money to fund the project. If need be, there can be multiple days of car washes to acquire the funds.
Supplies	\$50	
Tools	0(Borrow)	
Other*	\$50	
<b>Total costs:</b>	<b>\$600</b>	

*\*Such costs as food, water, gasoline, parking, permits, equipment rental, sales tax, etc.*

## Project Phases

Think of your project in terms of phases and list what they might be. The first might be to complete your final plan. Others might include fundraising, preparation, execution, and reporting. You may have as many phases as you want, but it is not necessary to become overly complicated.

1. Developing a plan
2. Pre approval/interest
3. Project Proposal
4. Fundraiser
5. Preparation for build
6. Build and installation
7. Flag drive and ceremony to retire flags
8. Review, reflection, and report

## Logistics

*(A Tour Plan has also been called a "Tour Permit." Check with your council service center to determine if one is required.)*

How will you handle transportation of materials, supplies, tools, and helpers? Will you need a Tour Plan?

I will use trucks or trailers and such to transport the final product with only a few people to unload. No Tour plan should be required.

## Eagle Scout Service Project Proposal, continued

### Safety Issues

*(The Guide to Safe Scouting is an important resource in considering safety issues.)*

Describe the hazards and safety concerns you and your helpers should be aware of as this project is conducted.

Power tools will only be used by adults and older scouts to maintain safety. We will also be doing some cutting. COVID 19 is also a dangerous hazard that will be watched

### Further Planning

*(You do not have to list every step, but it must be enough to show you have a reasonable idea of how to complete a final plan.)*

List some action steps you will take to complete a final plan. For example, "Complete a more detailed set of drawings."

I will do more accurate research on possible sizing and costs for materials. Plans will be created and written up to outline the creation of the boxes. I will make a few models of the finished product. I will finalize the plan for the ceremony.

### Candidate's Promise

*(Signed before approvals below are granted)*

On my honor as a Scout, I have read this entire workbook, including the "Message to Scouts and Parents or Guardians" on page 21. I promise to be the leader of this project, and to do my best to carry it out for the maximum benefit to the religious institution, school, or community I have chosen as beneficiary.

Signed \_\_\_\_\_

Date \_\_\_\_\_

### Unit Leader Approval\*

I have reviewed this proposal and discussed it with the candidate. I believe it provides impact worthy of an Eagle Scout service project, and will involve planning, development, and leadership. I am comfortable the Scout understands what to do, and how to lead the effort. I will see that the project is monitored, and that adults or others present will not overshadow him.

Signed \_\_\_\_\_

Date \_\_\_\_\_

### Unit Committee Approval\*

This Eagle Scout candidate is a Life Scout, and registered in our unit. I have reviewed this proposal, I am comfortable the project is feasible, and I will do everything I can to see that our unit measures up to the level of support we have agreed to provide (if any). I certify that I have been authorized by our unit committee to provide its approval for this proposal.

Signed \_\_\_\_\_

Date \_\_\_\_\_

### Beneficiary Approval\*

This service project will provide significant benefit, and we will do all we can to see it through. We realize funding on our part is not required, but we have informed the Scout of the financial support (if any) that we have agreed to. We understand any fundraising he conducts will be in our name and that funds left over will come to us. We will provide receipts to donors as required.

Signed \_\_\_\_\_

Date \_\_\_\_\_

### Council or District Approval

I have read sections 9.0.2.0 through 9.0.2.15, regarding the Eagle Scout Service Project, in the *Guide to Advancement*, No. 33088. I agree on my honor to apply the procedures as written, and in compliance with the policy on "Unauthorized Changes to Advancement." Accordingly, I approve this proposal. I will encourage the candidate to complete a final plan and further encourage him to share it with a project coach.

Signed \_\_\_\_\_

Date \_\_\_\_\_

*\*While it makes sense to obtain them in the order they appear, there shall be no required sequence for the order of obtaining approvals marked with an asterisk (\*). However, council or district approval must come after the others.*

## Eagle Scout Service Project Final Plan

BOY SCOUTS OF AMERICA®

Eagle Scout candidate's name: Maverick Landry

Project start date: \_\_\_\_\_ Projected completion date: \_\_\_\_\_

*Eagle Scout requirement 5 says you must "plan" and "develop" your service project. Though this final plan is a tool for your use, and is not approved or signed, it is important in helping to show you have done the required planning and development. Note, however, that it is not necessary to provide details that are not necessary to the accomplishment of your project.*

*A Scout who is prepared will complete the final plan and ask a project coach to review it with him. The council or district representative who approved your proposal may have agreed to serve as your project coach, or someone else may take on this important role. His or her involvement and review of your final plan is optional, but it can help you avoid many problems or mistakes. This can also improve your chances of passing the Eagle Scout board of review.*

## Eagle Scout Service Project Final Plan, continued

### Comments From Your Proposal Review

What suggestions were offered by the council or district representative who approved your proposal?

### Project Description and Benefit—Changes From the Proposal

*As projects are planned, changes usually are necessary. If they are major, it is important to confirm they are acceptable to the beneficiary. You should also share major changes with those who approved your proposal, and also with your coach to be sure you still have a chance of passing the board of review. If more space is needed to describe changes, please add an attachment.*

How will your project be different from your approved proposal?

Will the changes make the project more or less helpful to the beneficiary? Explain:

### Present Condition or Situation

*(It is extremely helpful to have "before" photographs to show the board of review.)*

Describe the present condition of the worksite (for an event or activity, describe your biggest obstacles).

The transfer station currently has trash bins with a board stating "PLEASE DISPOSE OF U.S. FLAG HERE". It has sand at the bottom to keep it from falling in the wind. The VFW currently has a tote box which the American flags go into. It is kept indoors at the VFW post.

### Project Phases

*(You may have more than eight phases, or fewer, as needed; if more, place in an attachment.)*

Look at the phases from your proposal. Make any changes, then provide a little more detail, including timing.

Phase 1: Buy the wood. When the project is approved(8/20/21). The wood must dry for 60 days.

Phase 2: Gather materials for fund raiser and get signs posted around town.(8/23/21)

Phase 3: Car Wash fund raiser. (9/4-5/21) From 10am-2pm. Rain date (9/12/21)

Phase 4: Purchase materials and supplies for build. (9/18/21)

Phase 5: Announce build date and gather helpers (9/19/21)

Phase 6: Build date 9:30am-2pm (9/25/21) Rain date (10/2/21)

Phase 7: Finishing touches and installation of boxes (10/9-10/21)

Phase 8: Flag Drive begins upon installation of boxes. Flag disposal ceremony (11/13/21)

## Eagle Scout Service Project Final Plan, continued

### Work Processes

Prepare a step-by-step list of what must be done and how everything will come together: site preparations, sizing, assembly, and fastening of materials; uses of supplies and tools; finishes to be used (paint, varnish, etc.); and so forth. Consider asking your project coach for assistance with this.

1. Approve the project, 2. Buy the plywood (must dry for 60 days), 3. Confirm date and availability with Saint James Church, 4. Get advertisements out for fund raiser and buy supplies for fund raiser, 5. Gather helpers for the fund raiser via troop and friends, 6. Set up car wash at Saint James by filling rinse buckets and soap buckets, prepping hoses, and assigning roles in the car wash, 7. Execute the car wash fund raiser for \$10 per car wash, 8. Repeat steps 6 and 7 the next day and perhaps on the rain dates as well if funding is required, 9. Seek donations of materials, 10. Purchase all materials, 11. Gather helpers for build, 12. Clear and designate work space in my garage and in my yard, 13. Cut all sections of each piece of plywood for all four boxes, 14. Build each joint with wood glue then screws starting from the sides, then the bottom for all four boxes, 15. Install hinges for the opening on the top for all four boxes, 16. Paint the primer onto the exterior of the boxes, 17. Apply the masking tape designating what is being painted 18. Half of the helpers red blue stripes and the other half paint blue to outline the stars and the upper sections on the boxes, 19. Alternate the boxes when paint dries, 20. Allow paint to dry then transport each box to their desired locations, 21. Place posters about the new boxes and begin the flag drive, 22. Gather helpers and confirm date with VFW, 23. Execute Flag retirement Ceremony, 24. Review and report.

Attach further plans as necessary, with drawings, diagrams, maps, or pictures that will help you succeed and that might be helpful to your workers, your coach, the project beneficiary, and your board of review. Drawings should be to scale. If you are planning an event or activity, a program outline or script might be appropriate.

### Permits and Permissions

*(The Tour Plan has also been called the "Tour Permit.")*

Will a Tour Plan be needed (this must be confirmed with local council policies)? **No**

If you will need permissions or permits\*, what is being done to obtain them, and when will they be issued?

I may need permission to use water during the fund raiser if there is a drought. In which case I would speak with the town council at least 2 weeks before the fund raiser.

*\*Permissions and permits could include building or electrical permits, dig permits, event permits, permission to access property, etc.*

### Materials

List each item, and its description, quantity, unit cost, total cost, and source. For example:

Item	Description	Quantity	Unit Cost	Total Cost	Source
Plywood	3/4", 4' X 8', B-C interior grade	3 sheets	\$20.00	\$60.00	ABC Hardware donation*
Hinges	Outdoor hinge	8	5.44	\$43.52	Home Depot
Patio brick	Bricks for weight	4	\$0	\$0	Mr. Thompson
Bins	13 gal Waste bins	4	13.97	\$55.88	Home Depot
Wh Primer	Exterior paint	1	\$36.98	\$36.98	Home Depot
Red Paint	Exterior paint	1	\$36.98	\$36.98	Home Depot
Blue Paint	Exterior paint	1	\$36.98	\$36.98	Home Depot
Tape	Masking	1	\$6.94	\$6.94	Amazon
Soap	Automotive car wash	1	\$10.73	\$10.73	Walmart
Poster	Car wash ad(2-pack)	1	21.59	\$21.59	Amazon
Plywood	PT 4'x8'x3/4"	4	\$53.98	\$215.92	Home Depot
<b>Total cost of materials</b>				<b>\$465.52</b>	

*\*If you plan for donations such as the one shown in the sample, you will most likely need to complete the Eagle Scout Service Project Fundraising Application on page 17.*

## Eagle Scout Service Project Final Plan, continued

### Supplies

List each item and its description, quantity, unit cost, total cost, and source. For example:

Item	Description	Quantity	Unit Cost	Total Cost	Source
Plastic tarp	9' X 12', 2ml thick	2 tarps	\$4.00	\$8.00	ABC Hardware purchase
Screws	Polymer coated exte	2	\$5.44	\$43.52	Home Depot
Gloves	Disposable latex free	1	\$17.99	\$17.99	Amazon
Bits	#2	1	\$0	\$0	Mr. Landry
Sandpaper	220 grit	2	\$4.97	\$9.94	Home Depot
Dropcloth	For fallen paint(3)	1	\$4.98	\$4.98	Home Depot
Wood Glue	Exterior grade18 oz	1	\$5.97	\$5.97	Home Depot
Paint kit	2 roller, 2 tray, brush	2	\$15.97	\$31.94	Home Depot
Markers	Colored	20	\$0	\$0	Myself
Wash mitt	Microfiber	4	\$9.09	\$36.36	Amazon
Buckets	5 Gallon	4	\$0	\$0	Myself
<b>Total cost of supplies</b>				<b>\$150.70</b>	

### Tools

List each tool, with its quantity, unit cost, total cost, source, and who will operate or use it. For example:

Tool	Quantity	Unit Cost	Total Cost	Source	Who will operate/use?
Circular power saw*	1	\$0	\$0	Mr. Smith	Mr. Smith
Impact Drill	1	\$0	\$0	Mr. Landry	Mr. Landry
Table saw	1	\$0	\$0	Mr. Landry	Mr. Landry
Water Hose	1	\$0	\$0	Saint James	Anyone
Tape Measure	2	\$0	\$0	Mr. Landry	Anyone
Leaf blower	1	\$0	\$0	Mr. Landry	Older Scouts(16+)
Safety Glasse	5	\$0	\$0	Mr. Landry	Saw workers
Step ladder	1	\$0	\$0	Mr. Landry	Anyone
<b>Total cost of tools</b>			<b>\$0</b>		

\*Power tools considered hazardous, like circular saws, must be operated by adults who are experienced in their use. See the Guide to Safe Scouting.

### Expenses

### Revenue

Item	Projected Cost	Total to be raised: \$ 631.21
Total materials (from above)	\$465.52	Contribution from beneficiary: \$ <u>Material Donations</u>
Total supplies (from above)	\$150.70	Describe in detail how you will get the money for your project. Include what any helpers will do to assist with the effort. I will host a car wash fund raiser. Helpers will learn how to properly wash a car, then we will open up to the public. Helpers will wash cars from top to wheel wells. I will also seek material donations from local businesses to aid in the creation of the flag disposal boxes for the VFW.
Total tools (from above)	\$0	
Other expenses		
Pizza (if allowed)	\$0	
Water	\$4.99	
Snacks	\$10.00	
<b>Total cost</b>	<b>631.21</b>	

## Eagle Scout Service Project Final Plan, continued

### Giving Leadership

Complete the chart below, telling about specific jobs that need to be done, the skills needed to do them, whether they must be adults or may be youth, how many helpers are needed, and how many you have so far (if any). For example:

Job to Be Done	Skills Needed (if any)	Adult or Youth	Helpers Needed	Helpers So Far
Work at car wash	Able to drive or wash cars	Adult drivers/supervisors, youth to wash	2 adults, 10 youth	1 adult, 5 youth
Rinse cars	The ability to hose a car	Either	2	
Apply soap to cars	Use tools like sponges	Either	2/4	
Clean wheels	Use wheel brush	Either	2/2	
Dry cars	Must use blower	16+	1	
Dry cars	Towel drying	Anyone	2	
Cutting	Table saw	Adult	2	
Gluing	Able to follow a line	Either	2	
Painting	Paint within lines	Either	6	
Screw driving	Impact driver	16+	1	

What are your plans for briefing helpers, or making sure they know how to do what you want them to do?

Upon arrival, I will brief each helper and assign them to a task. The build will work like an assembly line with some standing time to let paint dry.

What is your plan for communicating with your workers to make sure they know how to get where they need to be, that they will be on time, and they will have with them what they need?

I will use troop meetings and troop emails to contact scout support and request their assistance. TeamSnap is a software that we use, I will put an announcement out to my troop to gather aid. I will also ask some of my friends through messaging if they can help.

### Logistics

How will the workers get to and from the place where the work will be done?

Unfortunately, carpooling is not allowed currently so each scout will be required to provide for their own transportation. Other volunteers will be required to transport themselves as well.

How will you transport materials, supplies, and tools to and from the site?

Materials will be transported using my truck or trailer.

How will the workers be fed? I will provide pizza, water, and snacks to all helpers, if permitted.

Will restrooms be conveniently located? Yes, it will be at my home.

## Eagle Scout Service Project Final Plan, continued

### Logistics, continued

What will be done with leftover materials and supplies?  
 Any left over supplies will be donated to the VFW if they can use it and the troop otherwise.

What will be done with the tools?  
 The tools will be cleaned and returned to their respective owners.

### Safety

Will a first-aid kit be needed for this project? If so, where will it be kept?  
 There will be a first aid kit visible at a nearby table while the build is being conducted.

Will any hazardous materials or chemicals be used? If so, how will you see that they are properly handled?  
 Paint is semi-hazardous so it will be handled by the older scouts with adult assistance. I will assign an adult who knows the hazards well to oversee the painting.

List hazards you might face. (These could include severe weather, wildlife, hazardous tools or equipment, sunburn, etc.) What will you do to prevent problems (for example, hazardous tools operated only by qualified adults)?

Potential Hazard	What will you do to prevent problems?
Sawblades	Extra supervision and full safety equipment
Saw dust in eyes	Everyone will wear safety glasses while cutting
Sunburn	Sunscreen will be worn when working outside
Paint	We will be painting in a ventilated space.
COVID 19	Social distancing and BSA rules will be applied

How do you plan to communicate these safety issues and hazards to your helpers?  
 There will be a safety briefing before activities begin. Dangerous zones will be marked.

Will you hold a safety briefing? Yes                      If so, when? When preparing to start the build.  
 Who will conduct it? I will with the help of an experienced adult leader.  
 Who will be your first-aid specialist? The ASPL (Ben who has the FA merit badge) will be specialist

### Contingency Plans

What could cause postponement or cancellation of the project? What will you do should this happen?  
 If COVID restrictions are tightened, the project would be delayed, however, there are ways that this can be executed while remaining socially distant. We will do the build outdoors and I will have people travel on their own to the location of install.

### Comments From Your Project Coach About Your Final Plan

*(A project coach is not required but can be extremely helpful.)*

## Eagle Scout Service Project Fundraising Application

Before completing this application, it is important to read the "Procedures and Limitations on Eagle Scout Service Project Fundraising." It can be found at the back of this application. Once completed, you must obtain approval from the project beneficiary and your unit leader, and then submit the fundraising application to your council service center at least two weeks in advance of your fundraising efforts. You will be contacted if it cannot be approved or if adjustments must be made. Use this form, not the Unit Money Earning Application.

### Eagle Scout Candidate

Name: <b>Maverick Landry</b>		Preferred phone Nos.: <b>(603) 316-4264</b>	
Address: <b>38 Berkley St.</b>		City: <b>Merrimack</b>	State: <b>NH</b> Zip: <b>03054</b>
Email address: <b>mavtopgun2@gmail.com</b>			
Check one: <input checked="" type="checkbox"/> Troop <input type="checkbox"/> Team <input type="checkbox"/> Crew <input type="checkbox"/> Ship		Unit No. <b>401</b>	
District name: <b>Arrowhead District</b>		Council name: <b>Daniel Webster Council</b>	

### Project Beneficiary (Name of religious institution, school, or community)

Name: <b>Veterans of Foreign Wars</b>		Preferred phone Nos.: <b>603-424-7719</b>	
Address: <b>282 Daniel Webster Hwy</b>		City: <b>Merrimack</b>	State: <b>NH</b> Zip: <b>03054</b>
Email address: <b>merrimackvfw8641@gmail.com</b>			

### Project Beneficiary Representative (Name of contact for the project beneficiary)

Name: <b>Paul Roy</b>		Preferred phone Nos.: <b>603-264-8502</b>	
Address: <b>20 Peter Rd</b>		City: <b>Merrimack</b>	State: <b>NH</b> Zip: <b>03054</b>
Email address: <b>merrimackvfw8641@gmail.com</b>			

Describe how funds will be raised:

I will host one or more car washes to raise funds.

Proposed date the service project will begin: I will execute the build on 9/25.

Proposed dates for the fundraising efforts: I will have the fundraiser on 9/4,9/5.

How much money do you expect to raise?: I expect to raise \$630

If people or companies will be asked for donations of money, materials, supplies, or tools\*, how will this be done and who will do it?

I will ask Reeds Ferry Lumber and other local companies for donations of lumber and materials.

\*You must attach a list of prospective donor names and what they will be asked to donate. This is not required for an event like a car wash.

Are any contracts to be signed? **No**                      If so, by whom?

Contract details:

See "Procedures and Limitations" following this application.

### Approvals

(The beneficiary and unit leader sign below, in any order, before authorized council approval is obtained.)

Beneficiary	Unit Leader	Authorized Council Approval*
Signed _____ Date _____	Signed _____ Date _____	Signed _____ Date _____

\*Councils may delegate approval to districts or other committees according to local practices.

## Procedures and Limitations on Eagle Scout Service Project Fundraising

---

The Eagle Scout Service Project Fundraising Application must be used in obtaining approval for service project fundraising or securing donations of materials\*. Send the completed form to your local council service center, where it will be routed to those responsible for approval. This may be a district executive or another staff member, the council or district advancement committee, a finance committee, etc., as determined appropriate.

*\*This application is not necessary for contributions from the candidate, his parents or relatives, his unit or its chartered organization, parents or members of his unit, or the beneficiary. All money left over, regardless of the source, goes to the beneficiary.*

If the standards below are met, your fundraising effort likely will be approved.

1. Eagle Scout service projects may not be fundraisers. In other words, the candidate may not stage an effort that primarily collects money, even if it is for a worthy charity. Fundraising is permitted only for securing materials, and otherwise facilitating a project. Unless the effort involves contributions only from the beneficiary, the candidate, his parents or relatives, his unit or its chartered organization, or from parents or members in his unit, it must be approved by the local council. This is achieved by submitting the Eagle Scout Service Project Fundraising Application.
2. It must be clear to all donors or event participants that the money is being raised on behalf of the project beneficiary. Once collected, money raised must be turned over for deposit to an account of the beneficiary or the candidate's unit, until needed for the project. If the unit receives the funds, it must release them to the beneficiary once expenses have been paid.
3. Any contracts must be signed by a responsible adult, acting as an individual, without reference to the Boy Scouts of America. The person who signs the contract is personally liable. Contracts must not and cannot bind the local council, Boy Scouts of America, or the unit's chartered organization.
4. If something is to be sold, we want people to buy it because it is a quality product, not just because of an association with Scouting. Buyers or donors must be informed that the money will be used for an Eagle Scout service project to benefit the school, religious institution, or community chosen, and any funds left over will go to that beneficiary.
5. Any products sold or fundraising activities conducted must be in keeping with the ideals and principles of the BSA. For example, they must not include raffles or other games of chance.
6. Should any donors want documentation of a gift, this must be provided through the project beneficiary, not the Boy Scouts of America. If a donor or fundraising participant wants a receipt, this, too, must be provided in the name of the beneficiary.
7. Youth are not normally permitted to solicit funds on behalf of other organizations. However, a local council may allow an exception for Eagle Scout service projects.

# Eagle Scout Service Project Report

---

*To be completed after the service project has been concluded. It is not necessary to provide lengthy answers.  
Please be prepared to discuss your responses at your board of review.*

**Eagle Scout candidate:** \_\_\_\_\_

Once planning was completed, when did the work begin? \_\_\_\_\_ When was it finished? \_\_\_\_\_

## Summary

What went well?

What was challenging?

## Changes

What changes were made as the project was conducted?

## Leadership

In what ways did you demonstrate leadership?

What was most difficult about being the leader?

What was most rewarding about being the leader?

What did you learn about leadership, or how were your leadership skills further developed?

## Materials, Supplies, Tools

Were there significant shortages or overages of materials, supplies, and tools? If so, what effect did this have?

## Eagle Scout Service Project Report, continued

### Entering Service Project Data

The Boy Scouts of America collects information on the hours worked\* on Eagle Scout service projects because it points to achievement on our citizenship aim. So that you can assist with the data collection, please keep a list of the people who help on your project, and a log of the number of hours they work. Then, please provide the information requested below. Be sure to include yourself, and the time spent on planning.

	No.	Hours
<b>The Eagle Scout candidate</b>	1	
<b>Registered BSA youth members</b>		
<b>Other youth</b> ( <i>brothers, sisters, friends, etc., who are not BSA members</i> )		
<b>Registered BSA adult Scout leaders</b>		
<b>Other adults</b> ( <i>parents, grandparents, etc., who are not BSA members</i> )		
<b>Totals</b>	<b>0</b>	<b>0</b>

\*There is no requirement for a minimum number of hours that must be worked on an Eagle Scout service project.

If you have been told you must meet a minimum number of hours then you may lodge a complaint with your district or council. If you have given leadership to an **otherwise worthy** project and are turned down by your board of review solely because of a lack of hours, you should appeal the decision.

### Funding

Describe your fundraising efforts:

How much was collected? How much was spent?

If your expenses exceeded funds available, explain why this happened, and how excess expenses were paid.

If you had money left over after the project completion, did you turn it over to the project beneficiary? If "No," when and how long will that take place?

How were the donors thanked?

### Photos and Other Documentation

If you have them, attach any "before," "during," and "after" photographs. Attach letters, maps, handouts, printed materials, or similar items that might be helpful to your board of review.

### Candidate's Promise

*On my honor as a Scout, I was the leader of my Eagle Scout service project and completed it as reported here.*

Signed: \_\_\_\_\_ Date: \_\_\_\_\_

### Completion Approvals

*In my opinion, this Eagle Scout service project meets Eagle Scout requirement 5, as stated on page 4 of this workbook.*

<b>Beneficiary name:</b>	<b>Unit leader name:</b>
Signed: _____ Date: _____	Signed: _____ Date: _____

# Message to Scouts and Parents or Guardians

---

The Eagle Scout service project requirement has been widely interpreted—both properly and improperly. This message is designed to share with the Eagle Scout candidate and his parents or guardians the same information we provide to council and district volunteers responsible for project approvals throughout the Boy Scouts of America. You will learn what they can and cannot require.

In addition to reading this entire workbook, the candidate and his parent or guardian should consult the *Guide to Advancement*, No. 33088, beginning with section 9.0.2.0, “The Eagle Scout Service Project.”

The *Guide to Advancement*, along with the *Boy Scout Requirements* book, No. 34765, and this workbook, are the only official sources on policies and procedures for Eagle Scout service projects. The *Guide to Advancement* and *Boy Scout Requirements* book are available in Scout shops or on [www.scoutstuff.org](http://www.scoutstuff.org). Your local council and district are important resources for information and guidance and can tell you where to submit service project proposals.

The council and district may also establish limited local procedures as necessary. However, all of this must be done in harmony with the official sources mentioned above. Councils, districts, units, and individuals may not add requirements or ask you to do anything that runs contrary to or exceeds the policies, procedures, or requirements of the Boy Scouts of America.

## What an Eagle Scout Candidate Should Expect

First, the Eagle Scout service project belongs to the Eagle Scout candidate. His parents and others may help, but the Scout must be the leader. Nonetheless, while working toward completion of the project, especially during the proposal approval process, a candidate has the right to expect the following, as reprinted from the *Guide to Advancement*, section 9.0.2.1.

1. Questioning and probing for his understanding of the project, the proposal, and what must be done, shall be conducted in a *helpful, friendly, courteous, and kindhearted* manner. We will respect the Scout’s dignity. He will be allowed, if he chooses, to have a parent, unit leader, or other adult present as an observer at any time he is discussing his proposal or project with someone who is reviewing it.
2. Project expectations will match Eagle Scout requirement 5, and we will not require proposals to include more than described in the *Eagle Scout Service Project Workbook*.
3. If requested by the Scout or his parent or guardian, an explanation of a proposal rejection will be provided in writing, with a copy sent to the council advancement chair and staff advisor. It will indicate reasons for rejection and suggestions concerning what can be done to achieve approval.
4. Guidance that maximizes the opportunity for completion of a worthwhile project will be readily available and strongly recommended. Ultimately, however, the responsibility for success belongs to the Scout, and final evaluation is left to the board of review.
5. If the candidate believes he has been mistreated or his proposal wrongfully rejected, he will be provided a method of redress. This will include the opportunity for a second opinion and approval, either through another volunteer or professional advancement administrator\*, or the Scout executive, as determined by the council advancement committee or executive board.

\*An “advancement administrator” is a member or chair of a council or district advancement committee, or a volunteer or professional designated according to local practices, to assist in advancement administration.

# Excerpts and Summaries From the *Guide to Advancement*\*

## Eagle Scout Service Project Coaches

Many units, districts, and councils use Eagle Scout service project “coaches.” They may or may not be part of the proposal approval. Though it is a Scout’s option, coaches are highly recommended—especially those from the council or district level who are knowledgeable and experienced with project approvals. Their greatest value comes in the advice they provide after approval of a proposal as a candidate completes his planning. A coach can help him see that, if a plan is not sufficiently developed, then projects can fail. Assistance can come through evaluating a plan and discussing its strengths, weaknesses, and risks, but coaches shall *not* have the authority to dictate changes, withdraw approval, or take any other such directive action. Instead, coaches must use the BSA method of positive adult association, logic, and common sense to help the candidate make the right decisions.

It is up to the council to determine who may serve as project coaches and how they might be assigned or otherwise provided to candidates. Coaches must be registered with the BSA (in any position) and have taken BSA Youth Protection training, and may come from the unit, district, or council level.

## What Is Meant by “Give Leadership to Others ...”?

“Others” means at least two people in addition to the Scout. Helpers may be involved in Scouting or not, and of any age appropriate for the work. Councils, districts, and units shall not establish requirements for the number of people led, or their make-up, or for the time worked on a project. The most important thing here is that the Eagle Scout candidate exhibits leadership.

## Evaluating the Project After Completion

Eagle Scout projects must be evaluated primarily on impact—the extent of benefit to the religious institution, school, or community, and on the leadership provided by the candidate. There must also be evidence of planning and development. This is not only part of the requirement, but relates to practicing our motto to, “Be Prepared.” **However**, in determining if a project meets Eagle Scout requirement 5, reviewers must not require more planning and development than necessary to execute the project. These elements must not overshadow the project itself, as long as the effort was well led, and resulted in otherwise worthy results acceptable to the beneficiary.

There may be instances where upon its completion, the unit leader or project beneficiary chooses not to approve a project. One or the other may determine modifications were so material that the extent of service or the impact of the project was insufficient to warrant approval. The candidate may be requested to do more work or even start over with another project. He may choose to meet these requests, or he may decide—if he believes his completed project worthy and in compliance—to complete his Eagle Scout Rank application and submit his project workbook without final approval. He must be granted a board of review should he request it. If it is thought a unit board may not provide a fair hearing, a “board of review under disputed circumstances” may be initiated. See the *Guide to Advancement* for more information.

## Risk Management and Eagle Scout Service Projects

All Eagle Scout service projects constitute official Scouting activity and thus are subject to Boy Scouts of America policies and procedures. Projects are considered part of a unit’s program and are treated as such with regard to policies, procedures, and requirements regarding Youth Protection, two-deep leadership, etc. The health and safety of those working on Eagle projects must be integrated with project execution. As with any Scouting activity, the *Guide to Safe Scouting* applies. The “Sweet 16 of BSA Safety” must also be consulted as an appropriate planning tool. It can be found online at “Scouting Safely,” [www.scouting.org/scoutsources/healthandsafety/sweet16.aspx](http://www.scouting.org/scoutsources/healthandsafety/sweet16.aspx).

**At the time of publication of this workbook, changes were being made to the *Guide to Safe Scouting* that will affect how service projects are conducted. The changes limit the use of hazardous power tools, machinery, and equipment, and also such activities as working at heights or on ladders, and driving motor vehicles.**

## Insurance and Eagle Scout Projects

The Boy Scouts of America General Liability Policy provides general liability insurance coverage for official Scouting activities. Registered adult leaders are provided primary coverage. Unregistered adults participating in a Scouting activity are provided coverage in excess of their personal insurance. Every council has the opportunity to participate in the BSA accident and sickness insurance program. It provides insurance for medical and dental bills arising from Scouting activities. If councils do not purchase this, then units may contract for it. In some cases, chartered organizations might provide insurance, but this must not be assumed. Most of these programs provide insurance, but this must not be assumed. Most of these programs provide only secondary coverage and are limited to registered youth and adults and those interested in becoming members.

\*The *Guide to Advancement* is available in Scout shops or from [www.scoutstuff.org](http://www.scoutstuff.org).
