### Memo

TO: Town Council

ATTN: Town Manager – Paul Micali FROM: Finance Director – Tom Boland

DATE: September 15, 2022

RE: MS-434

As you may recall, during the 2022-23 budget discussion we set aside \$1,350,000 from Fund Balance to be used to offset taxes. I will need the Town Council to confirm this amount at the meeting so I can file the MS-434 with Department of Revenue Administration (DRA) to begin the Tax Rate setting process. Below is some information as it relates to the Undesignated Fund Balance.

The audit of the Town's June 30, 2022 fiscal year-end financial statements is currently in process. During this review Finance has been able to determine the estimated year-end Undesignated Fund balance. As of today Finance is projecting an increase in the Undesignated Fund balance of approximately \$265 K. The chart below is a summary of Fund balance:

Year End 6/30/2022 Review	***	
Undesignated Fund balance as of 6/30/21		8,714,637
Fund Balance increase due to excess revenues	334,522	
Fund Balance increase due to unexpended appropriations	1,580,378	
Use of Fund Balance	(1,650,000)	264,900
Estimated Fund balance as of 6/30/22		8,979,537
Use to reduce taxes (22/23)		(1,350,000)
Projected Fund balance June 30, 2023		7,629,537

### Some uses for fund balance as mentioned in the Fund Balance Retention Policy.

Recommended Utilization from Fund Balance Retention:

Excess Balance (over prescribed level)

- i. Emergency appropriations
- ii. Capital Projects
- iii. Transfers to Capital Reserves
- iv. Reduction of the tax rate for the ensuing year (only option available at this time in the fiscal year)
- v. Any other nonrecurring appropriation as deemed appropriate by the Council

Items ii and iii require a separate warrant article on the upcoming Town Warrant in April. Item iv would require a vote of the Town Council to include on the MS-434 (attached) Revised Estimated Revenues.

Some suggestions for using the Fund Balance that have been discussed in the past would include:

- \* To help offset the bond for the Public Safety Complex (warrant article needed)
- \* Paving additional Roads through the 2022-23 budget and offset utilizing Fund Balance
- \* Reduction of taxes. Depending on the amount the council wants to give back I would suggest an approach that seeks to stabilize the tax rate over several years. On the next page you will find a chart showing the effect on the tax rate in \$50,000 increments up to \$500,000.

Below you will find the projected level of fund balance:

The chart on the next page only takes into account what we know at this time to include revenue decreases/increases but I did not adjust for any additional use of fund balance. The Town's property valuation increased slightly in 2022 as a result of new construction being added to the tax base. The total valuation increased from approximately \$4.9 billion to \$5.0 billion, or approximately 2.8%. With these revised valuation numbers, I am estimating the 2022 tax rate to be \$3.93 compared to the budgeted amount of \$4.02, which is a decrease of 2.2%. If we compare the actual tax rate from 2021 (\$3.82) compared to the estimated rate for 2022 (\$3.93), it represents an increase of 11 cents. During our budget deliberations we were expecting an increase of 20 cents.

		2022
Appropriations		48,818,599
Estimated revenues (as revised)		(18,741,701)
Bond Proceeds		(10,102,750)
Tax overlay		375,000
General Fund surplus:		
Property tax relief		(1,350,000)
Veterans exemptions	2-	817,080
Property tax levy		19,816,228
Valuation for state property tax rate		5,038,905.168
Municipal property tax rate	\$	3.93

Over the past several years the Town has had many retirements and resignations. For that reason we have had a large amount of unspent appropriations most notably in Police, Fire and Public Works. We have also seen significant unanticipated revenues in Motor Vehicle permits, Interest (prior to FY2020-21), State Aid, and other non-tax revenues. The decrease in the current estimated tax rate compared to the budgeted rate is the result of additional revenues to be received for the State Highway Block Grant, State Aid to be received in the form of a 7.5% contribution to offset the Town's NHRS contributions for Police Officers and Firefighters, and an increase in interest earnings on invested cash reserves as a result of the Federal Reserve's interest rate hikes that they initiated in March 2022 to offset the effects of inflation. The pace of vehicle registrations has slowed in recent months as a result of the ongoing shortages in the inventory of new vehicles available for purchase, but we remain on target to hit our budgeted numbers for registration revenues at this point, and we're hopeful that these inventory issues will ease over the second half of the year.

The combination of these two factors (unspent appropriations and unanticipated revenues) had led to a large increase in Unreserved Fund Balance through FY2019-20. In past deliberations, the Town Council has indicated a desire to reduce these levels of Unreserved Fund Balance over a several year period. In addition to using Fund Balance to help reduce the Municipal portion of the tax rate I have decreased/increased several revenue accounts to project where I believe they will be at year end. We are still waiting on guidance from the Department of Revenue on the amount of Room & Meals tax that we are expected to receive in FY2022-23. The chart below is a summary of the other expected (decreases)/increases:

	Project Feb/March	Revised Est	Difference

Totals	2,963,524	3,370,490	406,966

Below is a chart depicting the Unreserved Fund Balance runout which you saw during the budget process and has been updated for the estimated June 2022 fund balance. As you can see, despite the unexpected increase in fund balance for the 2021-22 fiscal year, we remain on track with the Town Council's goal of reducing fund balance.
