Non-Union Employees

Mr. Micali then discussed non-union employees, recommending a 4% wage increase. He share that there are 63 full time and regular scheduled part-time employees that are all considered non-union. Of this \$195,280, only \$180,606 is general fund, or 3 cents on the tax rate. He also shared that these employees do not have a step system, and non-union does not have longevity and education incentives like union employees do, and this will keep the town in pace with cost of living and current CPIs.

1 **MOTION** made by Councilor Koenig and seconded by Councilor Healey to increase the town budget

10

11 **Athletic Fields Construction**

- 12 • MYA President John Calabro presented this to the Council
- 13 • This development would be on town owned land on Pearson Rd
- 14 • Land would be turned into a multi-use athletic field for the use of Soccer, Football, Lacrosse,
- 15 Baseball, Softball etc.
- 16 • Latest estimate is just under \$1 million

17

18 The public hearing was opened at 8:19pm.

19

20 Katie Schwartz of 9 Maidstone Drive and Soccer Director for MYA, voiced her support of the Athletic

21 Fields construction, sharing that a lot of other towns come to use Merrimack fields and the current fields and

22 parking situations aren't very safe. This project would make sporting events safer for not only Merrimack

23 residents, but anyone who comes to play in Merrimack.

24

25 Mr. Calabro shared that with the growing Merrimack community, including expanding apartments, the

26 expected amount of children playing in sports is anticipated to grow as well, meaning that the multi-use

27 athletic field will be not only good for safety, but also useful for the growing community of youth sports.

35 **2. Public Hearing – 2024 Milfoil Grant Funds for Horseshoe Pond & Naticook Lake**

36 *Submitted by Planning and Zoning Administrator Casey Wolfe-Smith*

37 The Town Council will hold a public hearing to authorize the acceptance and expenditure of up to

38 \$52,146 for the milfoil treatment program at Horseshoe Pond and Naticook Lake, of which \$26,073

39 is from a grant from the New Hampshire Department of Environmental Services (NHDES) for

40 milfoil control, and the Town's matching share is \$26,073, to be funded from the Milfoil Expendable

41 Capital Reserve Fund, pursuant to RSA 31:95-b and Charter Article 8-15.

42

43 Community Development Director Robert Price was present to share that a majority of the \$52,146 will be

44 going towards an herbicide treatment at Horseshoe Pond. Additionally, there is a 50/50 split this year with

45 NHDES due to a grant, so the town's cost would be \$26,073.

46

47 The public hearing was opened at 8:29pm and closed at 8:30pm.

1 **MOTION** made by Councilor M. Murphy and seconded by Vice Chair Harrington to accept and
2 authorize the expenditure of up to \$52,146 for the milfoil treatment program at Horseshoe Pond and
3 Naticook Lake, of which \$26,073 is from a grant from the New Hampshire Department of
4 Environmental Services (NHDES) for milfoil control, and the Town’s matching share is \$26,073, to be
5 funded from the Milfoil Expendable Capital Reserve Fund, pursuant to RSA 31:95-b and Charter
6 Article 8-15; and authorize the Town Manager to sign any necessary documents.

8
9 **3. Public Hearing – Town of Merrimack Community Choice Aggregation Plan**

10 *Submitted by Town Manager Paul T. Micali*

11 The Town Council will hold a public hearing to present information and receive comments about the
12 proposed Town of Merrimack Community Choice Aggregation Plan prepared by the Community
13 Choice Aggregation Committee (CCAC). At the hearings, the Town’s energy consultant, Colonial
14 Power Group, and members of the Committee will present the planned program, answer questions,
15 and take public comments.

16
17 Before beginning, Mr. Micali shared with the Council that he didn’t receive any emails from Merrimack
18 residents with any questions or concerns about the CCAC. Stuart Ormsby from Freedom Energy Logistics
19 and Colonial Power Group then highlighted the following information via PowerPoint:

20
21 **What is a Community Choice Aggregation Program?**

- 22 • A CCA Program is an optional buying group organized by a municipality to benefit electric
- 23 consumers in the community
- 24 • This Program enters into electricity supply contracts for all “Eligible Consumers”
- 25 • Eligible Consumers are residential and business consumers currently receiving default services from
- 26 their utility (Eversource)
- 27 • Eligible Consumers are automatically enrolled, unless they opt out
- 28 • Consumers currently under contract directly with third-party suppliers will not be enrolled in the
- 29 program. Option to opt-in later, if they wish

30
31 **Benefits of Community Choice Aggregation**

- 32 • **Choice:** No longer “stuck” with electric utility default rates
 - 33 • **Leverage:** Community buying power; larger buying group attracts robust participation from leading
 - 34 suppliers
 - 35 • **Price stability:** Ability to secure long-term rates and avoid market price volatility
 - 36 • **Optionality:** Opt-out any time without penalty. Opt-in at a later time
 - 37 • **Public Oversight:** Electricity supplier and consultant accountable to town officials
 - 38 • **Local Control:** Operate program based on community priorities and preferences
 - 39 • **Product Options:**
 - 40 ○ Define a standard product
 - 41 ○ Offer one or more other opt-in products, e.g., greater renewable power content
 - 42 ○ Program offerings may change over time as new market opportunities develop
 - 43 • **Self-funded:**
 - 44 ○ No burden on municipal staff or local budgets
 - 45 ○ No costs imposed on non-participating consumers
 - 46 ○ Program administration outsources to town consultant
- 47

CCA Overcomes Shortcomings of Electric Market Choice

- **Predatory Business Practices:** Specific targeting of vulnerable consumer segments and customer inattention
- **Predatory Contract Terms:** Beneficial rate at start converts to a much higher “market-based” rate after initial term expires
- **Limited Purchasing Power:** Difficult to profitably serve individual residential consumers absent imposing outsized margins
- **Presents an Additional Market Option:** Program will not interfere with consumers who prefer to shop for themselves

Important Elements

- **Choice-** Consumers may:
 - Opt-out of the Program and continue receiving supply from utility
 - Leave subsequent to launch without penalty
 - Opt into the Program after initial launch
- **Who keeps my lights on?-** Utility will continue to be responsible for maintaining service to your home; if you lose power, you still contact your utility
- **Billing-** You will continue to receive a single bill from your utility; the only change is a separate line item for Program supply replacing utility default service
- **Customer Service- who do I contact?**
 - **Utility:** power outage, metering, billing, payments, start/stop service
 - **Program Consultant:** issues regarding opting in or opting out
- **Utility Services-** Utility services unaffected (budget billing, electronic payment, payment arrangements, energy assistance, energy efficiency programs)
- **Are Savings Guaranteed?** The goal is to deliver savings over the life of the Program compared to utility default service. However, such savings and future savings cannot be guaranteed.

Net Metered Consumers

- Net metered consumers may participate in the Program on an **opt-in basis**
- Net metered consumers may be unable to benefit by enrolling in the program
 - **Consider opt-in:** if kWh consumption consistently > kWh generation
 - **Don't opt in:** if kWh generation > kWh consumption
- Currently active discussion amongst regulators, utilities, and aggregation advocates to try to facilitate participation for net metered consumers (work-in progress)

Staying informed

- Dedicated Program website:
 - Program details and reference material
 - Customer service number
- Town website and social media
- Community meetings

Plan Development and Approval Process

- Town Council votes to form an Electric Aggregation Committee (“EAC”) (*Nov 2023*)
- Town engages with Freedom Energy Logistics (“FEL”) who, in coordination with Colonial Power Group (“CPG”), will assist with all aspects of CCA planning, regulatory compliance, and program operations (*Nov 2023*)

- **EAC prepares CCA Program Plan** (“Plan”) in coordination with FEL/CPG and in accordance with state statute and rules of the Public Utilities Commission (“PUC”) (*JAN 2024*)
- Town Council approves Plan and warrant article (*Feb 2024*)
- **Residents vote on whether to adopt Plan at Town Meeting** (*Mar 2024*)
- If passed at Town Meeting, Plan filed with PUC for review & approval (*Mar/Apr 2024*)
- PUC approves Plan *May/Jun 2024*)
- Program launch (*Q3 2024, or later if market conditions warrant*)

Program Launch and Implementation

- Program will not commence unless and until it can offer initial rates below utility default service rates
- Town signs electric services agreement with supplier selected in competitive bid process
- Town/CPG mails notifications to all Eligible Consumers at least 30 days prior to program launch
- Town/CPG holds public information sessions prior to launch
- Consumers that have not opted-out are enrolled in the Program
- CPG manages the transition and on-going Program administration

Follow up Questions

- Freedom Energy Logistics manages about 90 programs in Massachusetts
- Current net savings for aggregate upwards of around \$500 million
- Boston alone was 2/3rds the total amount of savings
- 7 communities in Massachusetts suspended their Programs early, due to locational pricing, which does not happen in New Hampshire; all minus Burlington have restarted the program, with Burlington in the process of restarting their program

State Rep Wendy Thomas shared that it’s important for the committee to continue to provide oversight throughout this program, and for residents to continue to email her and Rep Notter and questions or concerns.

The public hearing was opened at 8:53pm and closed at 8:54pm.

MOTION made by Councilor Koenig and seconded by Vice Chair Harrington to move the Community Choice Aggregation Plan to the Town Warrant.

Legislative Updates from State Representatives

State Rep Wendy Thomas shared that they had session today and sent a bunch of bills over to the Senate, and they were able to stop some of the voucher bills. She shared that House Resolution 28, which was asking for oversight on the closure of Saint Gobain, was passed today on the consent calendar and the letter is going to President Biden, but Saint Gobain sent out their own counter letter. She also talked about HB1170 that she drafted with Rep Nick Germana about contamination, which relates specifically to mandate that NHDES consider public benefit as well as community impact to make them more accountable to the public and to the environment.

State Rep Jeanine Notter was present to share information on the complex education freedom accounts, which are not vouchers but are scholarships. She shared they are not unfunded mandates, and this will not

1 raise tax amounts. She shared that it's important for students to have the scholarships to be able to have
2 options outside of public school.

3 State Rep Tim McGough was also present to discuss some bills from today's session. He began with the
4 municipal inspections on owner occupied units/multi-dwellings, which was killed today. HB1212, which
5 raises the eligibility cap for free school meals, was passed today and goes to finance, where if it passes it will
6 go to Senate and impact tax payers. He also shared that the fire chief talked about reimbursement rates for
7 ambulance and fire insurance, and that a bill passed to establish a veteran's court that would specialize in
8 court services for veteran's that can manage PTSD and complex brain issues.

9 Councilor Murphy shared that HB1696, regarding electronic record under the right to know law, passed on a
10 voice vote. This establishes a state repository for a municipal right to know records funds or records
11 manager, and encourages municipalities to use the repository enhancing public record access and reducing
12 requests.

13 14 **Town Manager's Report**

15 There will be a public hearing on February 22nd at 6:30pm in the Matthew Thornton Room regarding the
16 bridge replacement work done on Beals Road. For those that don't know where Beals Road is, this is near
17 Parkhurst Road and Woodward Road towards the backway to the Transfer Station. Repair costs are still
18 being finalized as a large portion of the bridge is in Bedford.

32 **1. Donation Acceptance for the Merrimack Police Department**

33 *Submitted by Deputy Police Chief Matthew Tarleton*

34 The Town Council to consider the acceptance and expenditure of a donation of \$4,320 from
35 Merrimack Crimeline to the Merrimack Police Department for upgrades to patrol rifles for our
36 Regional Special Operations Unit Officers (6), pursuant to RSA 31:95-b and Charter Article 8-15.

37
38 Deputy Chief Tarleton was present to thank the Merrimack Crimeline for their generous donation, and
39 shared that they are looking to basically purchase half of a rifle. This purchase is replacing the upper barrel
40 portion of the receiver of the rifle. This upgrade is more compact and user friendly, and has better
41 attachments for accessories. The price of this also includes the bull carrier group (assembly and charging
42 handles).

1 **MOTION** made by Vice Chair Harrington and seconded by Councilor Healey to accept and expend a
2 donation of \$4,320 from Merrimack Crimeline to the Merrimack Police Department for upgrades to
3 patrol rifles for our Regional Special Operations Unit Officers (6), pursuant to RSA 31:95-b and
4 Charter Article 8-15, and authorize the Town Manager to sign any necessary documents.

8 **2. Town of Merrimack Charter Article 6-1 (B) Recommended Amendment**

9 *Submitted by Town Manager Paul T. Micali*

10 The Town Council to consider adding the recommended amendment to Charter Article 6-1 (B),
11 Conservation Commission, of the Town of Merrimack Charter to the 2024 Town Warrant.

12
13 Mr. Micali shared the following proposed amendment section via PowerPoint:

- 14 • Conservation Commission. There shall be a Conservation Commission consisting of seven members.
15 Six of these members shall be appointed by the Town Council for terms of three years, such terms to
16 be staggered. One Town Council member shall be appointed annually to serve as an ex officio
17 member [and one student representative would be recommended by the School Board and appointed
18 by the Town Council, this individual is not a voting member, nor a member for quorum purposes.]
19 There shall also be three alternate members appointed in the same manner as regular appointed
20 members, except no more than one alternate appointed member's term shall expire in a single year.
21 The Town Council shall fill any vacancy for the period of the unexpired term. The Conservation
22 Commission shall have all the powers granted to conservation commissions by New Hampshire state
23 law Effective April 1, 2024.

24
25 **MOTION** made by Councilor M. Murphy and seconded by Councilor Healey to move the Charter
26 Amendment related to adding a non-voting member to the Conservation Commission to the Town
27 Warrant.

30 **3. Review of the 2024-2025 Default Budget**

31 *Submitted by Town Manager Paul T. Micali*

32 The Town Council will review the 2024-2025 Default Budget.

33
34 Mr. Micali shared that the default budget exists as another option for residents to vote on the ballot if they do
35 not want to vote for the budgetary number that the Council puts forward. The calculations for the default
36 budget are pursuant to RSAs and are taken from last year's operating budget (\$38,801,878) with the addition
37 of any contracts that were voted on at last year's ballot, any long term agreements or bonds, any union
38 benefit increases, any onetime Capital purchases, and adjustment of any debt services to get the final default
39 budget calculation. He then shared the following charts via PowerPoint to show the calculation:
