## MEMO

---

**DATE:** FEBRUARY 18, 2015  
**TO:** EILEEN CABANEL, TOWN MANAGER  
**FROM:** LIEUTENANT DENISE I. ROY  
**RE:** BACKGROUND INFORMATION FOR DONATION

---

The Merrimack Police Department was approached by Brian Snow, a member of the Merrimack Rotary, in regards to donating some type of equipment that would be used at the Merrimack High School by the school resource officer. After meeting with Detective Michael Murray, it was determined that the most valuable piece of equipment that could be utilized is a S.T.R.I.K.E. armor vest. The purpose of this vest is to give the school resource officer added ballistic protect in the event that he encounters an armed intruder within the school setting.

This vest is worn in addition to an officer's ballistic vest and offers a higher level of protection against rifle and handgun rounds, beyond the capability of our standard issue ballistic vest. Because this vest is worn on the outside of the uniform it allows for greater flexibility for carrying additional equipment such as lifesaving tools. Below is a photograph of the vest and information regarding the specifics of the capability of the vest. This vest will be stored in a secured compartment within his office (which is also secured) and he will be the only one that has access to it.

- Internal 3-D mesh lining for positive airflow around torso and comfortable wear
- Constructed of 500 denier CORDURA® nylon (MultiCam®) or 500 denier ripstop nylon (solid colors)
- Front shoulder panel with quick-release strap and rounded handle under protective

nylon band

- Heavy-duty drag handle
- Non-slip material on shoulders for weapon retention
- Adjustable waist and shoulder system for tailored girth and torso fit
- Multiple rows of S.T.R.I.K.E.® webbing for attaching pouches, holsters or accessories
- Accommodates BLACKHAWK!® Level IIIA Soft Armor (sold separately) and Ballistic Ceramic Plates (sold separately)

If you have questions regarding this donation, please let me know.
