**Subject: Information Request**  
**Tennessee Gas Pipeline Company, L.L.C.**  
**Northeast Energy Direct Project, FERC Docket No. PF14-22**  
**Cheshire, Hillsborough, and Rockingham Counties, New Hampshire**

Dear Mr. Thompson,

Correspondence regarding the Tennessee Gas Pipeline Company, L.L.C.'s (Tennessee), Northeast Energy Direct Project (Project) was sent to the Merrimack Community Development office on October 27, 2015. The mapping associated with the correspondence did not include the most up-to-date route information. We apologize for any confusion this may have caused. Attached is revised mapping. If you could please discard the October 27<sup>th</sup> mapping and use the attached mapset for your review, I would greatly appreciate it.

On behalf of Tennessee, AECOM respectfully requests that the Merrimack Community Development office review its records to identify whether the proposed facilities will cross or be within 0.25-miles of the following sensitive environmental areas:

- U.S. Environmental Protection Agency (USEPA), State, or Municipal designated aquifers
- State or municipal designated aquifer protection areas
- Surface waters that provide public drinking water supplies
- State or municipal designated surface water protection areas
- Any known existing or proposed public or private drinking water wells, reservoirs, or springs in or within 300 feet of the proposed alignment
- Open space/natural areas
- Locally significant roads, scenic areas, or rivers
- Schools, parks, ballfields, trails

Or within 0.50-miles of the following areas:

- Planned residential subdivision developments
- Planned commercial or industrial developments

If you have any questions or comments regarding the Project, please do not hesitate to contact me at 630-829-2465 or via email at [lori.ferry@aeacom.com](mailto:lori.ferry@aeacom.com).

Thank you for your consideration.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Lori M. Ferry". The signature is written in a cursive, flowing style.

Lori Ferry  
AECOM Project Manager
