

New Hampshire Fact Sheet

Who We Are

Kinder Morgan is the largest midstream and third largest energy company (based on enterprise value) in North America with approximately 80,000 miles of pipelines and 180 terminals. We own, operate, expand, build and acquire assets that help meet the demand for energy products in growing markets across the United States and Canada. We operate like a giant toll road and receive a fee for transporting, storing and handling energy products. We typically do not own the products, so the company has minimal exposure to commodity pricing.

Kinder Morgan is committed to being a good corporate citizen and conducting ourselves in an ethical and responsible manner. Toward that end, we spend hundreds of millions of dollars each year on integrity management programs and maintenance, as we are dedicated to protecting the public, our employees, contractors and the environment.

Our Economic Impact in New Hampshire

»We paid approximately \$1.2 million to local and state taxing bodies in 2013.

Our Operations in New Hampshire

Kinder Morgan operates approximately 50 miles of pipeline in New Hampshire. Kinder Morgan owns and/or operates assets in three counties throughout New Hampshire; Hillsborough, Rockingham and Merrimack.

Tennessee Gas Pipeline (TGP) is a 13,900-mile pipeline that transports natural gas from Louisiana, the Gulf of Mexico and south Texas to the northeast section of the United States, including New York City and Boston.
