

HERITAGE COMMISSION MINUTES

SEPTEMBER 10, 2018

ATTENDANCE: Full membership: Ralph Gerenz, Chip Pollard, Anita Creager, Lon Woods and liaison, Finlay Rothhaus.

Conducted walking tour of **Old King's Highway** from Dahl Road through Horse Hill Conservation Area. We have marked the Highway on both sides of Dena Road with blue blazes. It is our intent to clear more of the trail, and to eventually install markers, so that others may walk this historic trail. Anita will walk the Loop Trail in Horse Hill to try to locate the second Spaulding foundation. The next section of the trail is planned for October from Gerard Drive as far as we can track it.

Old business:

K of C Fair: Voted to approve payment from the Heritage Commission to the Historical Society for fees already paid for conducting a booth at the Knights of Columbus Fair in November. Our portion of the fee is \$45 to be paid to the Historical Society.

Simonds' Rock: We have been informed by Paul Micali that the legal documents which include recreational use of private property will not cover liability for anyone being encouraged to visit this historic site. Anita will contact the legal department at Pennichuck to discuss this situation further.

Hazen site: We still plan to visit the site via the Souhegan River access to photograph the Fuller Mill.

Next Meeting: **October 8** at usual meeting place, Town Hall Community Development Conference Room. Will plan an additional date for further tour of Old King's Highway.
