**Merrimack River Crossing Project, Merrimack & Litchfield, NH**

Construction crews will be installing a new cross country water transmission main on both the Merrimack and the Litchfield sides of the river between the periods of June 1 to July 27, 2018.

Additional crews will be working within the Merrimack River installing and connecting the new transmission main between Merrimack and Litchfield. Construction within the confines of the Merrimack River will start on June 25, 2018 and the anticipated completion date is September 1, 2018.

The entire project has been permitted through NHDES and Army Corps of Engineers and will involve the construction of temporary cofferdams within the Merrimack River.
